In an attempt to help finance and administer Gypsy Moth spraying programs, Gov. Brennan included in his budget proposal a provision providing for program mainder of the current fiscal year er Main Street, is student teacher and \$36,000 for 1982-83. At present, there are 26 towns from Kittery to Cherryfield which have formally requested financial and technical assistance for Gypsy Moth Suppression programs.

In a public hearing on Tuesday, Jan. 26, the issue of state funding for spraying programs was discussed. Only one group, the Maine Audubon Society, objected to the spraying programs by stating that there is no real economic danger from Gypsy Moths. Whatever harm the insects do inflect is merely aesthetic. Furthermore, the infestation is a cyclical occurrence ch, as the Depart ment of Conservation expects, should and within one to two years. As an alternative to state spraying programs, the Audubon Society said it should be the responsibility of individual property owners to decide whether or not their trees should be sprayed.

Although there are still many questions to be answered, it appears as though there is little opposition to state financing of the Gypsy Moth spraying program. The bill is presently being reviewed in the Committee on Appropriations and Financial Affairs, and will be sent back to the House for debate as soon as a Committee report is issued.

Put yourself in a lower tax bracket.

It's no secret that Uncle Sam wants your money. And you'd probably like to give him a little less of it.

Well now you can "withhold" on Uncle Sam by opening a Casco IRA (Individual Retirement Account). You can open one even if you already have a retirement plan where you work.

Deposit up to \$2,000 of your wages (\$4,000 for two-income families)

and deduct that amount from your income when you file your taxes. A Casco IRA account pays rates comparable to \$10,000 six-month certificate rates,* but all it takes is \$100 to start (and you can open a Casco IRA for only \$10 if you set up an automatic transfer from a checking or NOW account, or take part in a payroll deduction plan).

Stop giving so much to your uncle. Save taxes now and build a bundle to retire on with a Casco IRA account. Get all the details at any Casco office or call our Toll-Free Saver's Hotline 1-800-492-0178, 9 AM to 4 PM, Monday-Friday.

*The interest rate will be indexed to recent average discount rates of six-month Treasury Bills as determined at the weekly U.S. Government auctions. Owing to the timing of rate calculations, the IRA certificate rate may be somewhat higher or lower than the money market certificate rate then in use. Taxes on IRA principal and interest

FEBRUARY IS CHILDREN'S DENTAL HEALTH MONTH

National Children's Dental Health Month will be observed throughout the nation during February 1982. As part of the observance, the Citizen, in cooperation with the S.A.D. 44 Dental Health Program this week begins a series of four articles on facts you should know about dental health.

I've heard that many foods contain "hidden" sugars. How can I tell which ones?

As the lifestyle of Americans has changed over the course of recent years, so has the consumption of prepared and processed foods increased.

As in the 1980 season, only the area north of the Canadian Pacific Railroad will be open to moose dian tribal lands, and game sanctuaries.

In order to spread out hunting pressure, the Fish and Wildlife Dept. has divided the moose hunting area into six zones. Hunters will be assigned to zones as they are drawn, based on preferences stated on their applications and the availability of unfilled zone quotas.

Non resident hunters may obtain application forms by writing to: Moose Application, Maine Fish and Wildlife Dept., 284 State St., Sta. #41, Augusta. Maine 04333. Including a self-addressed envelope with the request will assure prompt return.

Fees for nonresidents are \$10 to apply for the drawing and \$200 for the moose hunting permit. Maine is one of eight states with moose hunting; the others are all in the West. Only Alaska has more moose than Maine. The herd in the area open to

hunting, which is less than half of the state, is conservatively estimated to be in the 15,000 to 20,000 range.

NOTES FROM

Evans Notch White Mountain National Forest

One year ago this past December, a major windstorm caused extensive damage to homes, utility lines and over 5000 acres on the Evans Notch Ranger District of the White Mountain National Forest. The towns of Chatham, Stow. Stoneham and Albany sustained heavy damage. Some residents compared the storm with the "Hurricane of '38".

Utilities were repaired within a week. Many home repairs have been completed. U. S. Forest Service personnel and timber operators, however, are still working feverishly to salvage damaged timber. Thirty-five million board feet (MMBF) of timber have been sold and another 12 MMBF will be offered for sale in the next sev-

Telstar R. H. S. News by Lisa Pelzel

Last Tuesday's meeting of the Student Council entailed discussion of money matters. The Junior class has a lot of responsibilities this year, so they will do a lot of fund raising. They will sponsor the "Muppet Caper Movie" in March. There were many comments on giving a small amount of money to the senior class to help put on the Winter Carnival. Leslie Olson, Tommy Verrill and Sean Kersey were outspoken during this discussion. No final decision has been made as yet.

Midyear examination sucker winners for Project Physics were: Sean Kersey, Brett Barton and Tim Kersey; General Paysics: Chris Johnson; and General Chemistry: Linda Blais and Darrell Dyke. To be eligible to win in this contest, the students had to some 98 or above. Throughout the year Mr. Kersey grants suckers to any student scoring a 100 on quizzes and tests. This weeks winners in Chemistry were: Suzanne Kimball, Shiela Gallant, Linda Blais. Chris Crockett, Kevin Gould and Tom Buckman.

The Winter Carnival Committee plan the agenda for the upcoming week. Two events scheduled are try to get as many points as possible. The outside activities will be held on Thursday and the indoor action will take place on Friday.

The ski team will not be able to attend the activities on Friday as they have their regional ski meet at Sunday River.

The Telstar boys' hosted their last home basketball game Tues day against Sacopee. Flowers were given to the senior tri-captains' mothers. To finish the season both the boys' and girls' teams travel to Oxford Hills on Friday. •••••••

M.S.A.D. #44 BOARD MEETS

continued from Page One A Job Exploration Week for Telstar juniors and seniors was granted approval by the Directors. March 15 through 18.

The Board approved the creation of an ad hoc committee to review the delivery of food services to the students of S.A.D. 44. This committee will consist of the following: Director of Food Services, one member of the S.A.D. 44 Hot Lunch Staff, two Telstar High School students, four members of the S.A.D. 44 Board, one administrator, one person from the medical profession, and four "at large" community members. The committee is charged with reviewing options to the existing hot lunch program and presenting to the Directors several alternatives to the hot lunch program for their consideration.

The following Adult Education teachers were approved: Carol Graham, Natural Foods (Andover); Norman Arsenault, Fly-Tying; Robin Gundersen, Brush-Up Typing.

Paul Bodwell was appointed to the position of Bus Driver/Custodian, with assignment to the Steam Mill bus run and to the Ethel Bisbee School. Authorization was granted to post a vacancy in Mr. Bodwell's former position at Telstar.

Dr. Gersen, Superintendent, reviewed the expenditures of the proposed FY 83 budget. This budget would provide for the expenditure of \$2,854,185, an increase of 6.13% over the current year figures.

At a meeting of the Directors to be held next Monday evening, Feb. 8, at 7:30, at the Woodstock Elementary School, Dr. Gersen plans an exhaustive review of the receipts portion of the fiscal year 1983 document.

All members of the Board of Eirectors were at the Monday session except Fred Burk and Roger Wheeler of Newry.

HODGKINS - HUTCHINS

Thursday evening, Jan. 28, 1982, Bonnie Hutchins of East Andover became the bride of Frederick Hodgkins of Roxbury. The cere-This is tentatively scheduled for mony, which took place at the home of the bride's parents in East Andover, was performed by Rev. Norman Rust, interim minister of the First Congregational Church of Andover. The bride was given in marriage by her flather, Bernard Hutchins. Decorations were wedding bells and pink and white streamers with miniature baskets of silk flowers attached.

A wedding supper, prepared by the bride's parents, followed the ceremony, highlighted by a beautiful, heart-shaped wedding cake decorated in pink and white, made by Priscilla Sargent of Roxbury. Gifts were received from the bride's and groom's parents and relatives.

Attending were: Mr. and Mrs. Bryant Hodgkins of Roxbury, Mr. and Mrs. Bernard Hubchins and Rev. Norman Rust.

The young couple are residing at an apartment in Norway where the groom has employment.
